DIGEST OF PUBLIC LAW 89-29

EXTENSION OF TIME FOR FILING A LEASE TRANSFERRING TOBACCO ACREAGE ALLOTMENT.

Amends section 316 of the Agricultural Adjustment Act of 1938, as amended, to extend the time for filing 1965 tobacco acreage allotment leases for 20 days after the enactment of this act. Enables the Department to grant relief in those cases where farmers have in good faith entered into leases for the 1965 crop year and met all the conditions specified in section 316 of the Act, except the formal requirement that a copy of the lease be filed with the county committee not later than the normal planting time in the county.

HOUSE

1. COFFEE. By a vote of 300 to 97, passed with amendments S. 701, to grant the President authority to carry out U. S. obligations under the International Coffee Agreement and provide a limit of \$150,000 per fiscal year on the U.S. contribution toward the cost of administration of the agreement (pp. 9885, 9887-9908). Agreed to an amendment by Rep. Findley providing that the bill will not become effective until the President makes a determination and reports to the Congress that, in his judgment, it will not result in an unwarranted increase in coffee prices to U. S. consumers (pp. 9906-8).

2. TOBACCO. The Agriculture Committee reported without amendment H. J. Res. 436, to extend the time by which a lease transferring a tobacco acreage allotment may be filed with ASC county committee (H. Rept. 345). p. 9936
3. FORESTRY. The Interior and Insular Affairs Committee voted to report (but did not actually report) with amendment H. R. 797, to provide for establishment of the Whiskeytown-Shasta-Trinity National Recreation Area, Calif., and H.R. 5798, to extend the boundaries of the Kaniksu National Forest, Idaho. p. D388
Rep. Hechler inserted an address on the importance of the pulpwood industry in the U. S., particularly in W. Va. pp. 9914-5
4. PERSONNEL; PAY. Both Houses received the President's Federal pay message (H. Doc. 170)(pp. 9884-5, 9939-40) in which he: Recommended an average 3 percent increase in Federal civilian salaries to become effective Jan. 1, 1966. Proposed establishment of a permanent mechanism for review at four-year intervals of the structure of all Government salary systems with authority for the President to propose changes in salary schedules for top positions in the executive, legislative, and judicial branches to become effective on a given date unless disapproved by either House of Congress. Proposed a procedure for acting, between quadrennial reviews, upon such periodic adjustments in pay rates for Federal civilian and military personnel as may be warranted to become effective on a given date unless disapproved by either House of Congress. Stated he would send to Congress legislative proposals for an equitable system for payment of moving expenses of Federal employees transferred for the convenience of the Government, and to authorize payment of readjustment allowances to certain employees separated involuntarily from the Government. Stated that he would continue his "personnel efforts to hold down employment."
5. RIVER BASINS. Passed without amendment H. R. 6755, to authorize additional appropriations for the prosecution of certain river basin plans for flood control by the Corps of Engineers. pp. 9889, 9909-10
6. PUBLIC LANDS. The Interior and Insular Affairs Committee reported with amendment H. R. 396, to provide that until June 30, 1968, Congress shall be notified of certain proposed public land actions (H. Rept. 341). p. 9936
7. TRADE FAIRS. The Merchant Marine and Fisheries Committee reported without amendment H. R. 4525, to continue authority to develop American-flag carriers and promote the foreign commerce of the U. S. through the use of mobile trade fairs (H. Rept. 343). p. 9936
8. TARIFFS. The Ways and Means Committee reported without amendment H. R. 7969, to correct certain errors in the Tariff Schedules of the U. S. (H. Rept. 342). p. 9936
9. FARM LABOR. Reps. Utt and Hosmer criticized the farm labor policies of the Department of Labor and stated there were not adequate farm laborers in Calif. to harvest the crops. p. 9916
10. FOREIGN CURRENCIES. Rep. Curtis commended the proposal of Rep. Findley to permit U. S. tourists to exchange dollars for U. S. foreign currencies in foreign countries. p. 9923

EXTENSION OF TIME TO FILE 1965 TOBACCO ALLOTMENT LEASES

MAY 12, 1965.—Committed to the Committee of the Whole House on the State
of the Union and ordered to be printed

Mr. COOLEY, from the Committee on Agriculture, submitted the
following

REPORT

[To accompany H.J. Res. 436]

The Committee on Agriculture, to whom was referred the joint resolution (H.J. Res. 436), to amend section 316 of the Agricultural Adjustment Act of 1938 to extend the time by which a lease transferring a tobacco acreage allotment may be filed, having considered the same, report favorably thereon without amendment and recommend that the bill do pass.

PURPOSE

The purpose of this joint resolution is to permit tobacco farmers who have entered into a lease for 1965 tobacco acreage allotments an additional 20 days after the enactment of this joint resolution to file such leases with their county committee.

Public Law 87-200 added a new section 316 to the Agricultural Adjustment Act of 1938 permitting the limited leasing of tobacco acreage allotments for (as amended) each of the 1962 through 1965 crops. Section 316(c) provides that no such lease will be effective unless a copy is filed with the county committee prior to a date fixed by the Secretary of Agriculture, such date to be not later than the normal planting time.

In some cases, through mistake or misunderstanding of the new provisions, the copy of the lease was not filed with the county committee within the prescribed time. Unless there is an opportunity to correct this mistake, tobacco planted pursuant to such leases will be subject to marketing penalties. This resolution would extend the time for filing such leases with the county committee until 20 days after its enactment.

It would not extend the time for entering into such leases, its only purpose being to correct situations resulting from late filing.

DEPARTMENTAL APPROVAL

Because of the urgency of obtaining enactment of this measure, the Department of Agriculture was asked to make an oral report to the committee and notified the committee that it had no objection to the enactment of House Joint Resolution 436.

COST

There would be no additional cost to the Government as the result of the enactment of this joint resolution.

COMMITTEE POSITION

The committee does not like to see any farmer penalized because of a mere inadvertent failure to comply with a technicality of law or departmental regulation. The committee points out, however, that the provision of law authorizing the leasing of certain tobacco acreage allotments has now been on the statute books for 4 years and that farmers who wish to take advantage of its provisions have a responsibility for familiarizing themselves with all of the provisions of the law.

CHANGES IN EXISTING LAW

In compliance with clause 3 of rule XIII of the Rules of the House of Representatives, changes in existing law made by the bill are shown as follows (existing law proposed to be omitted is enclosed in black brackets, new matter is printed in *italic*, and existing law in which no change is proposed is shown in roman):

AGRICULTURAL ADJUSTMENT ACT OF 1938

* * * * *

SEC. 316. Notwithstanding any other provision of this Act for the crop years 1962, 1963, 1964, and 1965, the owner and operator of any farm for which a tobacco acreage allotment (other than a Burley tobacco acreage allotment, or a cigar-filler and cigar-binder (types 42, 43, 44, 53, 54, and 55) tobacco acreage allotment) is established may lease any part of such allotment to any other owner or operator of a farm in the same county for use in such county on a farm having a current tobacco allotment of the same kind. Such lease and transfer of allotment shall be recognized and considered valid by the county committee provided the conditions set forth in this section are met. In the case of Maryland (type 32) tobacco, no farm shall be eligible for lease of 1962 or 1963 allotment from the farm unless at least 75 per centum of the allotment for the farm was actually planted during each of the years 1960 and 1961, nor shall a farm be eligible for lease of 1964 or 1965 Maryland tobacco allotment from the farm unless at least 75 per centum of the allotment for the farm was actually planted on such farm during each of the two immediately preceding years.

(b) Any lease shall be made on an annual basis and on such terms and conditions, except as otherwise provided in this section, as the parties thereto agree.

(c) The lease and transfer of any allotment shall not be effective until a copy of such lease is filed with and determined by the county committee of the county in which the farms involved are located to be in compliance with the provisions of this section. Such lease and transfer shall not be effective unless a copy of the lease is filed with the county committee prior to a closing date established by the Secretary, which date shall be no later than the normal planting time in the county. If the normal yield established by the county committee for the farm to which the allotment is transferred does not exceed the normal yield established by the county committee for the farm from which the allotment is transferred by more than 10 per centum, the lease and transfer shall be approved acre for acre. If the normal yield for the farm to which the allotment is transferred exceeds the normal yield for the farm from which the allotment is transferred by more than 10 per centum, the county committee shall make a downward adjustment in the amount of the acreage allotment transferred by multiplying the normal yield established for the farm from which the allotment is transferred by the acreage being transferred and dividing the result by the normal yield established by the farm to which the allotment is transferred.

(d) The lease and transfer of any part of a tobacco acreage allotment determined for a farm shall not affect the allotment for the farm from which such acreage allotment is transferred or the farm to which it is transferred, except with respect to the crop year specified in the lease. The amount of acreage allotment which is leased from a farm shall be considered for purpose of determining future allotments to have been planted to tobacco on the farm from which such allotment is transferred and the production pursuant to the lease and transfer shall not be taken into account in establishing allotments for subsequent years for the farm to which such allotment is transferred. The lessor shall be considered to have been engaged in the production of tobacco for the purpose of eligibility to vote in the referendum.

(e) Under the provisions of this section not more than five acres of allotment may be leased and transferred to any farm: *Provided*, That the total acreage allotted to any farm after such transfer shall not exceed 50 per centum of the acreage of cropland in the farm.

(f) The Secretary shall prescribe such regulations as he considers necessary for carrying out the provisions of this section.

(g) Notwithstanding the provisions of subsection (c) relating to the filing of a lease with the county committee, the lease and transfer of an allotment for the [1964] 1965 crop year shall be effective if, (1) the Secretary finds that a lease in compliance with the provisions of this section was agreed upon prior to the normal planting time in the county, as determined by the Secretary, or June 15, [1964] 1965, whichever is earlier, and (2) the terms of the lease are reduced to writing and filed in the county office in which the farms involved are located within twenty days of the date this subsection becomes law.

[h) Notwithstanding the provisions of subsection (c) relating to the filing of a lease with the county committee, the lease and transfer of an allotment for the 1963 crop year shall be effective if, (1) the County Committee, with the approval of a representative of the State Committee, finds that a lease in compliance with the provisions of this section was agreed upon prior to the normal planting time in the county, as determined by the Secretary, or June 15, 1963, whichever

is earlier, and (2) the terms of the lease are reduced to writing and filed in the county office in which the farms involved are located within twenty days of the date this subsection becomes law.】

HOUSE

1. DISASTER RELIEF. Passed with amendment S. 327, to provide assistance to Calif., Ore., Wash., Nev., and Idaho for the reconstruction of areas damaged by recent floods and highwaters, after substituting the text of a similar bill, H.R. 7303, which was passed earlier as reported from committee. H. R. 7303 was tabled. (pp. 10546-55) As passed the bill includes provisions as follows: Authorizes an additional \$38 million for forest development roads and trails for the fiscal year ending June 30, 1966 to be used solely for the construction, repair and reconstruction of forest development roads and trails in these States damaged by

floods. Authorizes the Secretaries of Agriculture and the Interior to reimburse timber sale contractors for reconstruction and restoration of roads which were under construction but had not been accepted by the Government as part of the national system of forest development roads and trails at the time of the floods; provides that timber sale purchasers shall bear 15 percent of the costs of reconstruction and restoration, up to a maximum cost to the purchaser of \$4,500, and the Government shall bear 85 percent of the costs, and 100 percent of all amounts above \$30,000 on a single timber purchase contract; and provides the Secretaries with discretionary authority to cancel a timber purchase contract where it is determined that the damages are so great that restoration, reconstruction, or construction is not practical under the above cost-sharing arrangement. Authorizes the Secretary of Agriculture to reduce from 30 days to 7 days the minimum time required to advertise the sale of national forest timber in the affected area. Authorizes the appropriation of not to exceed \$50 million for fiscal year 1965 and not to exceed \$20 million for fiscal year 1966 to the Department of Commerce for the repair and reconstruction of highways, roads, and trails, on a national basis, which are damaged as a result of a disaster.

2. TOBACCO. Passed without amendment H. J. Res. 436, to permit tobacco farmers who have entered into a lease for the transfer of 1965 tobacco acreage allotments an additional 20 days after enactment of this joint resolution to file such leases with their local ASC county committee. p. 10546
3. LANDS. The Interior and Insular Affairs Committee voted to report (but did not actually report) H. R. 797, with amendment, to provide for establishment of the the Whiskeytown-Shasta-Trinity National Recreation Area, Calif., and H. R. 903, to add certain lands to the Kings Canyon National Park, Calif. p. D420
The "Daily Digest" states that the Interior and Insular Affairs Committee tabled H. R. 16, relating to the selection of mineral lands by States in certain instances in lieu of lands granted to them but lost before title could pass. p. D420
4. HOUSING AND URBAN DEVELOPMENT. The Banking and Currency Committee voted to report (but did not actually report) H. R. 7984, the proposed Housing and Urban Development Act of 1965 (p. D420). The Committee was granted permission to file a report on this bill by midnight Thurs., May 20 (p. 10556).
5. APPROPRIATIONS. The Appropriations Committee was granted permission to file a report on the USDA appropriation bill by midnight Thurs., May 20. p. 10545
6. SMALL BUSINESS. The Banking and Currency Committee reported without amendment S. 1796, to amend the Small Business Act so as to provide for an increase in the maturity of Small Business Administration disaster loans from 20 to 30 years (H. Rept. 354). p. 10572
7. WATER RESOURCES. Rep. Grabowski spoke in support of H. R. 5269, to provide uniform rules for the treatment of recreation and fish and wildlife benefits and costs in connection with Federal water resource projects of the Corps of Engineers and the Bureau of Reclamation. p. 10567

PROCEEDINGS AND DEBATES OF THE 89th CONGRESS, FIRST SESSION

Vol. 111

WASHINGTON, WEDNESDAY, MAY 19, 1965

No. 90

House of Representatives

The House met at 12 o'clock noon. The Chaplain, Rev. Bernard Braskamp, D.D., used this verse of Scripture:

I John 3: 1: *Behold, what manner of love the Father hath bestowed upon us, that we should be called the sons of God.*

O Thou who art the God of justice and righteousness, of love and good will, grant that we may have the faith to believe that a better day for all humanity is slowly dawning and that a better mood and a better mind are making themselves felt among all nations.

We have had a clear demonstration in facts and figures of the stupidity and insanity of war and we dare not allow our civilization to go down in blood and ashes.

There must be brought into being a new dimension of religion, more real and more heroic, more human and practical in its insight and appeal, and more divine in its consecration and cooperation and compassion.

Fear and force have failed and now the spiritual influences of love which never faileth must take up the task of stamping out the hatred of man and weaving a better spell upon the human mind and heart.

Hear us in the name of the Prince of Peace. Amen.

THE JOURNAL

The Journal of the proceedings of yesterday was read and approved.

MESSAGE FROM THE SENATE

A message from the Senate by Mr. Arrington, one of its clerks, announced that the Senate had passed a bill of the following title, in which the concurrence of the House is requested:

S. 306. An act to amend the Clean Air Act to require standards for controlling the emission of pollutants from gasoline-powered or diesel-powered vehicles, to establish a Federal Air Pollution Control Laboratory, and for other purposes.

The message also announced that the Senate disagrees to the amendment of the House to the bill (S. 800) entitled "An act to authorize appropriations during fiscal year 1966 for procurement of aircraft, missiles, and naval vessels, and

research, development, test, and evaluation, for the Armed Forces, and for other purposes," requests a conference with the House on the disagreeing votes of the two Houses thereon, and appoints Mr. STENNIS, Mr. SYMINGTON, Mr. JACKSON, Mr. CANNON, Mr. SALTONSTALL, and Mrs. SMITH to be the conferees on the part of the Senate.

DEPARTMENT OF AGRICULTURE APPROPRIATION BILL, FISCAL YEAR 1966

Mr. WHITTEN. Mr. Speaker, I ask unanimous consent that the Committee on Appropriations have until midnight tomorrow to file a report on the Department of Agriculture and related agencies appropriation bill for the fiscal year 1966.

The SPEAKER. Is there objection to the request of the gentleman from Mississippi?

There was no objection.

Mr. BOW. Mr. Speaker, I reserve all points of order on the bill.

AUTHORIZING APPROPRIATIONS FOR PROCUREMENT OF AIR- CRAFT, ETC.

Mr. RIVERS of South Carolina. Mr. Speaker, I ask unanimous consent to take from the Speaker's table the bill (S. 800) to authorize appropriations during fiscal year 1966 for procurement of aircraft, missiles, and naval vessels, and research, development, test, and evaluation, for the Armed Forces, and for other purposes, insist on the House amendment and agree to the conference requested by the Senate.

The Clerk read the title of the bill.

The SPEAKER. Is there objection to the request of the gentleman from South Carolina? [After a pause.] The Chair hears none, and appoints the following conferees: Messrs. PHILBIN, HEBERT, PRICE, FISHER, HARDY, BATES, ARENDS, and O'KONSKI.

CANADA-UNITED STATES INTER- PARLIAMENTARY MEETING

The SPEAKER. The Chair lays before the House the following communication which the Clerk will read.

The Clerk read as follows:

HOUSE OF REPRESENTATIVES, COM-
MITTEE ON BANKING AND CUR-
RENCY,

Washington, D.C., May 18, 1965.

The SPEAKER,
House of Representatives,
Washington, D.C.

Mr. SPEAKER: Due to circumstances beyond my control, I deeply regret that I must resign as a delegate to the Canada-United States Interparliamentary Conference which will be held in Canada May 20-24.

Yours sincerely,

FERNAND J. ST GERMAIN,
Member of Congress.

The SPEAKER. Without objection, the resignation is accepted.

There was no objection.

The SPEAKER. Pursuant to the provisions of section 1, Public Law 86-42, the Chair appoints as a member of the U.S. delegation of the Canada-United States interparliamentary group for the meeting to be held in Ottawa, Canada, from May 20 to May 23, 1965, the gentleman from Illinois [Mr. YATES], to fill the existing vacancy thereon.

DEPARTMENT OF HEALTH, EDUCA- TION, AND WELFARE ADMINIS- TRATION

(Mr. O'NEILL of Massachusetts asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. O'NEILL of Massachusetts. Mr. Speaker, it has come to my attention that the Department of Health, Education, and Welfare has a regulation in effect which would deny to the State of Massachusetts, and I am sure many other States, the use of Federal funds. The use of Federal funds will be withheld where the State is entitled to reimbursement. This regulation of the Department of Health, Education, and Welfare requires that all welfare workers have to be college graduates. In my opinion, this is bad. Furthermore, it is my understanding that anyone who has been working for the Department of Health, Education, and Welfare for a number of years cannot get a promotion unless he or she is a college graduate. While I doubt the wisdom of the regulation in the first place, I certainly do be-

lieve it would be fair to provide what is commonly known as a "grandfather clause" so as to protect those individuals who have been employed in the various departments for years and years and who have shown merit in their work and who, therefore, should be entitled to promotion.

Mr. Speaker, I am sure I am not alone when I say that the requirement of a college degree does not mean always that you are getting the best man for any particular job. For example, suppose we had a law or rule that you could not be a Member of the Congress unless you were a college graduate. We all know that some of the great men of the Congress of the United States—yes, and even including our great Speaker of the House who is an attorney and a member of the bar, but who obtained his legal education by serving his apprenticeship in a law office, would not be eligible to serve in this body.

I serve notice on Mr. Celebrezze that I think his ruling is wrong and I intend to protest it vigorously.

I would like to read a communication from William T. Casey, director of public assistance in the city of Somerville:

CITY OF SOMERVILLE,
BOARD OF PUBLIC WELFARE,
Somerville, Mass., May 12, 1965.

HON. THOMAS P. O'NEILL, JR.,
House Office Building,
Washington, D.C.

DEAR SIR: As the director of the public assistance agency in the city with the ninth highest caseload in the Commonwealth, I am deeply concerned with the provisions of Massachusetts house bill No. 3652. This bill was filed by the Massachusetts commissioner of public welfare at the insistence of Federal Health, Education, and Welfare, on the threat of withholding reimbursement for administration of public welfare in Massachusetts. In substance the bill as it stands will require any new employee in the social service division of public agencies to possess at least a bachelor's degree from an accredited college. In addition it will prevent any present employee who does not possess such an academic background, from advancing in rank. It is the latter provision which is creating the problem. By freezing such personnel, many with long years of service, in their present positions, the action would create the greatest factor toward completely ruining the morale of every agency in the 351 cities and towns of the Commonwealth as well as the State department of public welfare. What incentive would remain for these workers to extend themselves if they know they can never advance?

The members of the Massachusetts Legislature have been requested by employee organizations to amend the bill to include a "grandfather's clause." Such an amendment could better be spoken of as an "opportunity clause" because such a title better describes the justice and fairness to which they should be entitled. I personally approve of such an amendment and I respectfully request that you use any means in your power to influence the Department of Health, Education, and Welfare to accept such an amendment. I am sure the members of the Massachusetts Legislature would also appreciate hearing of your approval.

Very truly yours,

WILLIAM T. CASEY,
Director of Public Assistance.

Mr. Speaker, I am aware that Hon. JOHN W. MCCORMACK, the Speaker of the House, has also protested this action. I

trust that this gross injustice will be corrected.

EXTENSION OF TIME TO FILE 1965 TOBACCO ALLOTMENT LEASES

Mr. ABBITT. Mr. Speaker, I ask unanimous consent for the immediate consideration of the joint resolution (H.J. Res. 436) to amend section 316 of the Agricultural Adjustment Act of 1938 to extend the time by which a lease transferring a tobacco acreage allotment may be filed.

The Clerk read the title of the joint resolution.

The SPEAKER. Is there objection to the request of the gentleman from Virginia?

There was no objection.

The Clerk read the joint resolution, as follows:

H.J. RES. 436

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That subsection (g) of section 316 of the Agricultural Adjustment Act of 1938, as amended, is amended by striking out "1964" wherever it appears in said subsection and substituting therefor "1965".

The joint resolution was ordered to be engrossed and read a third time, was read the third time, and passed, and a motion to reconsider was laid on the table.

THE PACIFIC NORTHWEST DISASTER RELIEF ACT OF 1965

Mr. SISK. Mr. Speaker, by direction of the Committee on Rules, I call up the resolution (H. Res. 388) and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 388

Resolved, That upon adoption of this resolution it shall be in order to move that the House resolve itself into the Committee of the Whole House on the State of the Union for the consideration of the bill (H.R. 7303) to provide assistance to the States of California, Oregon, Washington, Nevada, and Idaho for the reconstruction of areas damaged by recent floods and high waters. After general debate, which shall be confined to the bill and shall continue not to exceed two hours, to be equally divided and controlled by the chairman and ranking minority member of the Committee on Public Works, the bill shall be read for amendment under the five-minute rule. It shall be in order to consider without the intervention of any point of order the substitute amendment recommended by the Committee on Public Works now in the bill and such substitute for the purpose of amendment shall be considered under the five-minute rule as an original bill. At the conclusion of such consideration the Committee shall rise and report the bill to the House with such amendments as may have been adopted, and any Member may demand a separate vote in the House on any of the amendments adopted in the Committee of the Whole to the bill or committee substitute. The previous question shall be considered as ordered on the bill and amendments thereto to final passage without intervening motion except one motion to recommit with or without instruction.

After the passage of H.R. 7303, the Committee on Public Works shall be discharged

from the further consideration of the bill S. 327 and it shall then be in order in the House to move to strike out all after the enacting clause of said Senate bill and insert in lieu thereof the provisions contained in H.R. 7303 as passed.

The SPEAKER. The gentleman from California is recognized for 1 hour.

Mr. SISK. Mr. Speaker, I yield 30 minutes to the gentleman from California [Mr. SMITH] and, pending that, I yield myself such time as I may consume.

Mr. Speaker, House Resolution 388 provides for consideration of H.R. 7303, a bill to provide assistance to the States of California, Oregon, Washington, Nevada, and Idaho for the reconstruction of areas damaged by recent floods and high waters. The resolution provides an open rule with 2 hours of general debate, making it in order, without the intervention of any point of order, to consider the substitute now in the bill as an original bill for the purpose of amendment. The rule further provides that after passage of H.R. 7303, the Committee on Public Works shall be discharged from further consideration of S. 327, that it shall be in order to strike out all after the enacting clause of the Senate bill and insert in lieu thereof the language of the House-passed bill.

The catastrophic floods in northern California, Oregon, and contiguous parts of Nevada, Idaho, and Washington during December of last year were among the worst experienced in the history of the United States.

Over 12,000 homes were damaged, half of which were demolished, affecting 20,000 families. Forty-five persons died and some 2,000 persons were injured. Over 35,000 farms were flooded in California alone. The cost in human suffering cannot be evaluated. But physical damages are tentatively estimated to approach about a half billion dollars.

Under Public Law 81-875, the President declared the area a major disaster area and all available machinery of the Federal and State governments, as well as of the county and municipal jurisdictions was directed to immediate relief and subsequent rehabilitation. Equipment and services to transport food and forage, clothes, fuel, and other necessities were supplied by the Army, Navy, Marine, and Air Force.

A special subcommittee of the Committee on Public Works was sent to the area to inspect the damage and to meet with Federal, State, and local officials. On their return they reported to the full committee and hearings were begun. H.R. 7303 is a result of their findings. It contains what is believed to be needed and necessary to give further aid to the disaster-stricken areas.

The bill would authorize the appropriations from the general fund of the Treasury of not to exceed \$50 million for fiscal year 1965 and not to exceed \$20 million for fiscal year 1966 for the repair and reconstruction of highways, roads, and trails damaged.

Mr. Speaker, I urge the adoption of House Resolution 388.

(Mr. SISK asked and was given permission to revise and extend his remarks.)

SENATE

1. DISASTER RELIEF. Concurred in the House amendments to S. 327, to provide assistance to Calif., Ore., Wash., Nev., and Idaho for the reconstruction of areas damaged by recent floods and highwaters (pp. 10726-7). This bill will now be sent to the President. See Digest 90 for a summary of provisions of this bill.

2. TOBACCO. Passed without amendment H. J. Res. 436, to permit tobacco farmers who have entered into a lease for the transfer of 1965 tobacco acreage allotments an additional 20 days after enactment of this joint resolution to file such leases with their local ASC county committee (p. 10725). This bill will now be sent to the President.
 3. SOIL AND WATER CONSERVATION. Sen. Proxmire inserted a National Farmers Union policy statement supporting increased "funds for the SCS and ACP in keeping with conservation needs inventory," and expressing opposition to "the Budget Bureau proposal for Congress to authorize a revolving fund through which soil conservation districts and farmers and ranchers would pay the Federal Government a part of the costs of technical assistance." pp. 10660-1
Sen. McGee inserted an American Forests magazine editorial critical of the proposed cut in "the technical assistance program of the Soil Conservation Service by \$20 million." pp. 10665-6
 4. COTTON. Sen. Yarborough criticized the proposed changes by this Department in the rules relating to skip-row planting of cotton and stated that "this is an indefensible move by the Secretary of Agriculture to curtail cotton production by using his powers to issue regulations rather than taking the proper course of coming to Congress with a new program for cotton." pp. 10689-90
 5. WATER RESOURCES. Conferees were appointed on S. 1229, to provide uniform rules for the treatment of recreation and fish and wildlife benefits and costs in connection with Federal water resource projects of the Corps of Engineers and the Bureau of Reclamation (pp. 10724-5). House conferees have not yet been appointed.
 6. POLLUTION. Sen. Clark inserted a series of articles on the "increasing pollution of his environment by man," including one reviewing recreational facilities in National Parks and Forests. pp. 10710-21
 7. COMMITTEE ASSIGNMENTS. Assignments were made to the various subcommittees of the Post Office and Civil Service Committee. p. D427

8. AGRICULTURAL APPROPRIATION BILL, 1966. The Appropriations Committee reported this bill, H. R. 8370 (H. Rept. 364) (p. 10795). Attached to this Digest is a copy of the committee report which includes a summary table reflecting committee action on the bill.
 9. FORESTRY. Passed with amendment S. 435, to extend the boundaries of the Kaniksu National Forest, Idaho, after substituting the text of a similar bill, H. R. 5798, which was passed earlier as reported from committee. H. R. 5798 was tabled. pp. 10740-1
 10. RECREATION. The Interior and Insular Affairs Committee reported with amendment H. R. 89, to authorize establishment of the Tocks Island National Recreation Area, Pa. and N. J. (H. Rept. 360). p. 10795
 11. HOUSING. Rep. Ryan commended and inserted "Statement on Federal Housing Bill of 1965 From Strycker's Bay Neighborhood Council, New York." p. 10768
 12. FOREIGN AID. The Rules Committee reported a resolution for consideration of H. R. 7750, the foreign aid authorization bill. pp. 10741-2

mitigating damages to migratory waterfowl caused by such water resources project.

(d) This Act shall not apply to the Tennessee Valley Authority, nor to projects constructed under authority of the Small Reclamation Projects Act, as amended, or under authority of the Watershed Protection and Flood Prevention Act, as amended.

(e) Sections 2, 3, 4, and 5 of this Act shall not apply to nonreservoir local flood control projects, beach erosion control projects, small boat harbor projects, hurricane protection projects, or to project areas or facilities, authorized by law for inclusion within a national recreation area or appropriate for administration by a Federal agency as a part of the national forest system, as a part of the public lands classified for retention in Federal ownership, or in connection with an authorized Federal program for the conservation and development of fish and wildlife.

(f) As used in this Act, the term "nonreimbursable" shall not be construed to prohibit the imposition of entrance, admission, and other recreation user fees or charges.

(g) Subsection 6(a)(2) of the Land and Water Conservation Fund Act of 1965 (78 Stat. 897) shall not apply to costs allocated to recreation and fish and wildlife enhancement which are borne by the United States as a nonreimbursable project cost pursuant to subsection 2(a) or subsection 3(b)(1) of this Act.

(h) All payments and repayment by non-Federal public bodies under the provisions of this Act, and revenue from the conveyance by deed, lease, or otherwise, of lands under subsection 3(b)(2) of this Act, shall be deposited in the Treasury as miscellaneous receipts.

SEC. 7. (a) The Secretary of the Interior is authorized as a part of any water resource development project under his control heretofore or hereafter authorized or reauthorized, except projects or areas within national wildlife refuges, to investigate, plan, construct, operate, and maintain or otherwise provide for public outdoor recreation and fish and wildlife enhancement facilities, to acquire or otherwise to include within the project area such adjacent lands or interests therein as are necessary for present or future public recreation or fish and wildlife use, to provide for the public use and enjoyment of project lands, facilities, and water areas in a manner coordinated with the other project purposes, and at projects hereafter authorized or reauthorized, to allocate water and reservoir capacity to recreation and fish and wildlife enhancement: *Provided*, That no appropriation shall be made for the construction of recreation or fish and wildlife facilities or the acquisition of land for such purposes at existing projects, which construction or acquisition has not heretofore been authorized by law, prior to the expiration of sixty calendar days (which sixty days, however, shall not include days on which either the House of Representatives or the Senate is not in session because of an adjournment of more than three calendar days) from the date on which the Secretary submits to the Congress a report thereon and then only if, within said sixty days, neither the House nor the Senate Committee on Interior and Insular Affairs disapproves such plan. Lands, facilities, and project modifications may be provided in accordance with subsection 3(b), hereof, at projects heretofore authorized.

(b) The Secretary of the Interior is authorized to enter into agreements with Federal agencies or State or local public bodies for the administration of project land and water areas and the operation, maintenance, and replacement of facilities and to transfer project lands or facilities to Federal agencies or State or local public bodies by lease agreement or exchange upon such terms and conditions as will best promote the

development and operation of such lands or facilities in the public interest for recreation and fish and wildlife enhancement purposes.

(c) No lands under the jurisdiction of any other Federal agency may be included for or devoted to recreation or fish and wildlife purposes under the authority of this section without the consent of the head of such agency; and the head of any such agency is authorized to transfer any such lands to the jurisdiction of the Secretary of the Interior for purposes of this section. The Secretary of the Interior is authorized to transfer jurisdiction over project lands within or adjacent to the exterior boundaries of national forests and facilities thereon to the Secretary of Agriculture for recreation and other national forest system purposes; and such transfer shall be made in each case in which the project reservoir area is located wholly within the exterior boundaries of a national forest unless the Secretaries of Agriculture and Interior jointly determine otherwise. Where any project lands are transferred hereunder to the jurisdiction of the Secretary of Agriculture, the lands involved shall become national forest lands: *Provided*, That the lands and waters within the flow lines of any reservoir or otherwise needed or used for the operation of the project for other purposes shall continue to be administered by the Secretary of the Interior to the extent he determines to be necessary for such operation. Nothing herein shall limit the authority of the Secretary of the Interior granted by existing provisions of law relating to recreation or fish and wildlife development in connection with water resource projects or to disposition of public lands for such purposes.

SEC. 8. Nothing contained in this Act shall be taken to authorize or to sanction the construction under the Federal reclamation laws or under any Rivers and Harbors or Flood Control Act of any project in which the sum of the allocations to recreation and fish and wildlife enhancement exceeds the sum of the allocations to irrigation, hydroelectric power, municipal, domestic and industrial water supply, navigation, and flood control.

SEC. 9. As used in this Act—

(a) The term "project" shall mean a project or any appropriate unit thereof.

(b) The term "separable costs," as applied to any project purpose, means the difference between the capital cost of the entire multiple-purpose project and the capital cost of the project with the purpose omitted.

(c) The term "joint costs" means the difference between the capital cost of the entire multiple-purpose project and the sum of the separable costs for all project purposes.

(d) The term "capital cost" includes interest during construction, wherever appropriate.

SEC. 10. Section 2, subsection (a) of the Land and Water Conservation Fund Act of 1965 (78 Stat. 897) is hereby amended by striking out the words "notwithstanding any provision of law that such proceeds shall be credited to miscellaneous receipts of the Treasury;" and inserting in lieu thereof the words "notwithstanding any other provision of law;" and by striking out the words "or any provision of law that provides that any fees or charges collected at particular Federal areas shall be used for or credited to specific purposes or special funds as authorized by that provision of law" and inserting in lieu thereof "or affect any contract heretofore entered into by the United States that provides that such revenues collected at particular Federal areas shall be credited to specific purposes".

SEC. 11. This Act may be cited as the "Federal Water Project Recreation Act".

Mr. HART. Mr. President, I move that the Senate disagree to the amendment of the House and request a con-

ference, and that the Chair appoint the conferees on the part of the Senate.

The motion was agreed to; and the Presiding Officer appointed Mr. JACKSON, Mr. BIBLE, Mr. BURDICK, Mr. KUCHEL, and Mr. ALLOTT conferees on the part of the Senate.

Mr. ERVIN. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. ELLENDER. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT OF SECTION 316 OF THE AGRICULTURAL ADJUSTMENT ACT OF 1938

Mr. ELLENDER. Mr. President, there was sent from the House, House Joint Resolution No. 436, and I ask unanimous consent that the House joint resolution be considered and that we dispense with sending it to the Committee on Agriculture and Forestry. The matter has been cleared on both sides of the aisle. The joint resolution would extend the time within which 1965 tobacco allotment leases can be filed with the county committee until 20 days after enactment of the joint resolution. We have done this several times before. The law requires that in order to be valid a tobacco allotment lease must be filed with the county committee before a certain date prior to normal planting time. A few farmers have entered into leases which are in accordance with the law in every way, except that they were not filed with the county committee in time. This resolution would give these farmers an additional 20 days after its enactment to file their leases.

I understand there is no objection to it, and I ask unanimous consent that the joint resolution be considered.

The PRESIDING OFFICER. The joint resolution will be stated by title for the information of the Senate.

The LEGISLATIVE CLERK. A joint resolution (H.J. Res. 436) to amend section 316 of the Agricultural Adjustment Act of 1938 to extend the time by which a lease transferring a tobacco acreage allotment may be filed, in which it requested the concurrence of the Senate.

The PRESIDING OFFICER. Is there objection to the present consideration of the joint resolution?

There being no objection, the Senate proceeded to consider the joint resolution, which was read twice by its title, ordered to a third reading, read the third time, and passed.

EXCISE TAX EXEMPTION FOR NEW HAMPSHIRE SWEEPSTAKES

Mr. MCINTYRE. Mr. President, it is my understanding that in the next few days the House Ways and Means Committee will report a bill to reduce excise taxes.

I also understand that the Senate Finance Committee does not intend to hold

hearings on the bill when it reaches the Senate.

I will support the excise tax reduction bill, which will follow President Johnson's message on this subject. The reductions called for by the President are long overdue, and President Johnson has my full support for his request.

Nevertheless, both the President's message and the bill to be reported in the House are grievously deficient in one respect. Under both the message and the bill, the Treasury will still continue to levy the single most unfair, most unreasonable excise tax ever devised; namely, the tax on receipts of the State of New Hampshire's program to raise public school assistance funds by the New Hampshire Sweepstakes.

To the best of my knowledge, no other State in the Union is forced to pay taxes on the money which it raises for its public schools. What makes this tax especially objectionable is the fact that it was not imposed by Congress as a tax on State efforts to raise funds for education, but as a tax on private wagering operations.

Furthermore, the wagering tax imposed by chapter 35 of the Internal Revenue Code does not apply to wagering at parimutuel races, lotteries held in private gambling casinos, or lotteries held by many tax-exempt corporations. Nevertheless, the Treasury claims that it does apply to the State of New Hampshire in the operation of the sweepstakes designed to provide funds for the operation of public schools.

Mr. President, I intend to press for the adoption of my amendment. I intend to take the floor of the Senate often in the weeks to come to describe the compelling reasons for exempting the New Hampshire Sweepstakes from the operation of chapter 35 of the Internal Revenue Code.

Mr. President, I ask unanimous consent to have the operative language of my amendment printed in the RECORD.

There being no objection, the language was ordered to be printed in the RECORD, as follows:

(a) Section 4402 of the Internal Revenue Code of 1954 (relating to exemptions from the tax on wagers) is amended by striking out "and" at the end of paragraph (1), by striking out the period at the end of paragraph (2) and inserting "or", and by adding at the end thereof the following new paragraph:

"(3) STATE-CONDUCTED SWEEPSTAKES—On any wager placed in a sweepstakes, wagering pool, or lottery—

"(A) which is conducted by an agency of a State acting under authority of State law, and

"(B) the ultimate winners in which are determined by the result of a horserace.

but only if such wager is placed with the State agency conducting such sweepstakes, wagering pool, or lottery, or with its authorized employees or agents."

(b) The amendment made by subsection (a) shall apply with respect to wagers placed after March 10, 1964.

SUMMARY OF MEDICARE TESTIMONY, MAY 3

Mr. HARTKE. Mr. President, yesterday the Finance Committee completed its public hearings on H.R. 6675, the

medicare bill. Each day beginning with May 4 I have offered for publication in the RECORD a short summary of main points of each witness's testimony, completely unofficial and prepared by my staff. I trust that this has been a useful service in connection with this most important legislation.

In order to complete the record of testimony by public witnesses, I ask unanimous consent that there may appear such a summary in the RECORD of the May 3 hearing, which was not published at the time.

There being no objection, the summary was ordered to be printed in the RECORD, as follows:

The Honorable Aime J. Forand, former Congressman from Rhode Island, now living in Bethesda, Md. As author of the Forand bill providing a program similar in aim to the present bill (H.R. 9467, 85th Congress; H.R. 4700, 86th Congress), gave full support and encouraged passage. Favors inclusion of radiologists, etc., in hospital coverage; would reduce inpatient deductible from \$40 to \$20.

Department of Social Security, AFL-CIO, Nelson H. Cruikshank, director:

1. Considers this "the most far-reaching proposals for the improvement of the economic security of American families through the mechanism of Social Security since the enactment of the original program 30 years ago." "Wholeheartedly supports," urges "speedy and favorable consideration."

2. Supports inclusion of radiologists, anesthesiologists, etc. in the basic hospital portion of the plan instead of the voluntary portion.

3. Supports inclusion of tips as taxable earnings under Social Security.

4. Improvements in Social Security needed (but not recommended for inclusion in the bill) include: (1) adding additional drop-out years in computing average wage; (2) increasing widow's benefit to equal primary insurance amount; (3) general increase greater than the bill's 7 percent.

Chamber of Commerce of the United States, Karl T. Schlotterbeck, manager economic security department.

1. Chamber endorses: (1) cost-of-living benefit increase of 7 percent; (2) "transitional" old age benefits but would favor regular \$44 minimum instead of \$35; (3) extension of coverage to physicians—would favor including "all non-covered occupations and groups, both employed and the self-employed"; (4) approves increased tax rate for financing.

2. Opposes following provisions as unsound or not needed: (1) widows' benefits at 60; (2) easing of restrictions on work by the retired; (3) change in definition of disability.

3. Approve consolidation of public assistance vendor payments, but oppose additional Federal financial support.

4. Hospital benefits objective "can best be met through existing social security cash benefits program," rather than new service program.

5. Lack of a means test in the supplemental benefits program, while using General Treasury funds, "is unsound and should be rejected."

Council of State Chambers of Commerce, Leslie J. Dikovic, chairman, social security committee (31 State chamber organizations in council):

1. Oppose principle of providing services rather than cash benefits. Hospital and supplementary benefit provisions are "unnecessary and unwise."

2. "We urge you to reject the proposal to expand the taxable wage base," prefer increase in tax rates.

3. Disability definition (sec. 303) should

be removed; State workmen's compensation offset removed in 1958 should be restored.

National Social Welfare Assembly, Philip Bernstein, chairman, committee on social issues and policies, speaking for 18 organizations and more than 30 welfare leaders:

1. Urge "early favorable action" for this "landmark measure."

2. Specialty services (radiology, etc.) should be restored to hospital benefits.

3. "Strongly urge the elimination of all deductibles."

International Brotherhood of Teamsters, Sidney Zagri, legislative counsel:

1. To prevent balking practices prevalent under private insurance (unneeded operations, high fees, etc.), recommend:

(a) Costs and fees should be exclusive jurisdiction of HEW Secretary, to be delegated only to public agency authority.

(b) All fees should be on prevailing rates basis.

(c) No reimbursement to doctor unless he certifies his bill covers total charge.

(d) Fixed fee should be established for doctor certification of patient to a hospital, nursing home, or home care.

(e) Utilization review committees should be comprised of doctors outside of the hospital.

2. Sixty percent of all senior citizens have less than \$1,000 annual income. For all with under \$1,000, the deductions should be eliminated and full, instead of 80 percent reimbursement provided under voluntary plan.

3. Payment of radiologists, anesthesiologists, etc., should be under the hospital rather than supplementary benefits.

4. Supports Hartke drug stamp plan amendment.

ASSISTANCE TO CERTAIN STATES FOR RECONSTRUCTION OF AREAS DAMAGED BY RECENT FLOODS

The PRESIDING OFFICER laid before the Senate the amendments of the House of Representatives to the bill (S. 327) to provide assistance to the States of Oregon, Washington, California, and Idaho for the reconstruction of areas damaged by recent floods and high waters which were, to strike out all after the enacting clause and insert:

That Congress hereby recognizes (1) that the States of California, Oregon, Washington, Nevada, and Idaho have experienced extensive property loss and damage as the result of floods and high waters during December 1964, and January and February 1965, (2) that much of the affected area is federally owned and administered, and (3) that the livelihood of the people in the area is dependent on prompt restoration of transportation facilities, and therefore Congress declares the need for special measures designed to aid and accelerate those States in their efforts to provide for the reconstruction of devastated areas.

Sec. 2. There is authorized to be appropriated, out of any money in the Treasury not otherwise appropriated, in addition to the amounts authorized in section 125 of title 23 of the United States Code, not to exceed \$50,000,000 for the fiscal year ending June 30, 1965, and not to exceed \$20,000,000 for the fiscal year ending June 30, 1966. Such sums shall be obligated and expended by the Secretary of Commerce in accordance with such section 125, and related provisions of title 23 of the United States Code for the repair and reconstruction of highways, roads, and trails, damaged as the result of a disaster.

Sec. 3. (a) Notwithstanding provisions of existing contracts, the Secretary of the Interior and the Secretary of Agriculture, separately, and as part of the regular road and trail construction program, shall reimburse timber sale contractors or otherwise arrange
